### Conclusion

- **Christian Policard**, Founding Partner, Biotech Development Conseil

**Maryvonne Hiance, President of HealthTech For Care, said :** *"The purpose of HealthTech For Care is to bring together all the players involved in the medical innovation value chain in Europe and thus enable better coordination within the European healthcare ecosystem for the benefit of the patient. This "HealthTech For Patients" day is part of our strategy and our ambition: to ensure that all innovative French and European technologies are accessible to all patients, that they meet their needs, and that ultimately, the entire innovation effort is patient-centered."*

### **About HealthTech For Care**

The HealthTech For Care endowment fund is designed to support and promote access to healthcare for all, and more specifically to new medical technologies and medicines. The missions of the endowment fund are organized around three main areas: to support the development of the entire healthcare ecosystem, to accelerate the development of innovative therapies and medicines, and to promote better access for patients to the healthcare system in France and Europe. The governance of HealthTech For Care includes Maryvonne Hiance, Elsy Boglioli, David Caumartin, Pierre Courteille, Eric Falcand, Frédéric Girard, Marc Julien, Cédric Moreau, Christian Pierret and Christian Policard.
