5th edition of HealthTech Innovation Days

OCTOBER 24 & 25, 2023 In Paris

October 27, 2023, in virtual format only

Flagship event of the European ecosystem of innovation in health organized thanks to sponsors from the health sector committed to promote access to new technologies for all patients.

Under the High Patronage of Mr. Emmanuel MACRON, President of the French Republic.

Paris, France, Thursday, March 30, 2023 - The HealthTech For Care endowment fund, which aims to promote access to care for patients, announces that the 5th edition of HealthTech Innovation Days (HTID[®]) will take place in Paris on October 24 and 25, 2023, at the [HealthTech Space](#) (16 place de la Bourse). The virtual session will take place on October 27.

As a European event, HealthTech Innovation Days (HTID[®]) provides a forum for promising European life science companies to accelerate their growth and bring their solutions to patients faster. It combines:

- **One-on-one meetings** between innovative European healthcare companies, investors and industrial and pharmaceutical companies,
- **Pitch sessions** featuring 25 innovative European healthcare companies selected by European clusters and associations in front of a panel of experts,
- **Conferences and round tables** led by international opinion leaders.

Save The Date

Maryvonne Hiance, president of the HealthTech For Care endowment fund, said: "We are pleased to have the high patronage of the French presidency, for the 5th consecutive year, and to have the support of leading institutional and industrial players. HealthTech Innovation Days (HTID[®]) is a must-attend event for all players in the European healthtech ecosystem to bring patients the best in healthcare innovation."

Under the High Patronage of Mr. Emmanuel MACRON, President of the French Republic, and benefiting from the participation of the European Commission and the European Investment Bank (EIB), HealthTech Innovation Days (HTID[®]) are intended to be a place to meet and develop concrete proposals for the benefit of European patients and Europe's sovereignty in the field of healthcare innovation. This year, the discussions will focus on the challenges related to the competitiveness of the European healthcare industry, on the equity of access to innovation for patients and on the impact of legislative changes in Europe and the United States for healthcare innovation players.

Christian Pierret, administrator of HealthTech For Care, adds: " *More than ever In Europe, researchers, caregivers, hospitals and patient associations need altogether to strengthen their connections to give greater strength to innovation in health. One of the strengths of our European healthtech ecosystem is that it places the patient at the heart of the innovation process.*"

The 5th edition of HTID® benefits from the support of sponsors: [Amgen France](#), [bpifrance](#), [Cepton Strategies / Vintura](#), [Euronext](#), [Icosa](#), [Invest Securities](#), [Life Sciences Acceleration Alliance](#), [McDermott Will & Emery](#), [Servier](#), [Sofinnova Partners](#)

About HealthTech For Care

The HealthTech For Care Endowment Fund is designed to support and promote access to healthcare for all, and more specifically, to new medical technologies and medicines.

The missions of the endowment fund are organized around three axes: to support the development of the entire healthcare ecosystem, to accelerate the development of innovative therapies and medicines, and to promote better access for patients to the healthcare system in France and Europe.

The governance of HealthTech For Care includes Maryvonne Hiance, Elsy Boglioli, Pierre Courteille, Marc Dechamps, Christian Deleuze, Eric Falcand, Frédéric Girard, Marc Julien, Anaïs Le Corvec, Bernard Linsmeau, Cédric Moreau, Christian Pierret and Christian Policard.

HealthTech For Care is supported by its founder France Biotech and the network of French health clusters: **Atlanpole biotherapies, BioValley France, EuroBioMed, LyonBioPole, Medicen and the NSL club**. The endowment fund is also supported by many European players: **Asebio, BioAlps, BIO Deutschland, BioWin, CEBR, Federchimica Assobiotech, flanders.bio, Medvia, HollandBIO, IREFI, Swiss Biotech, Technion**.

About HealthTech Innovation Days

The HealthTech Innovation Days (HTID®) event, initiated by France Biotech, provides a platform for promising European life science companies to accelerate their growth and bring innovation to patients. Each year, this European event brings together more than 800 participants, including 300 global investors, 165 innovative European healthcare companies and some 15 pharmaceutical groups. The 5th edition will take place on October 24 and 25, 2023 in Paris and on October 27 in virtual only. HTID® combines in-person presentations, panels and one-on-one meetings in Paris. It is organized by the HealthTech For Care endowment fund. HealthTech Innovation Days is sponsored by international pharmaceutical companies, other health innovation companies, investors and many international thought leaders.
