## HealthTech For Patients 3<sup>rd</sup> edition: **Healthier Together**

**Patient associations, patients, MD's, scientists, entrepreneurs, industrial players - gathered to discuss chronic Non-Communicable Diseases (NCDs), including cardiovascular disease.**

Paris, June 1<sup>st</sup>, 2023 – HealthTech For Patients, organized by the HealthTech For Care (HTFC), a non-profit organization, took place on May 25<sup>th</sup>, on a digital format. This conference brought together 15 international experts, and key stakeholders from the health ecosystem, to address the challenges posed by Non-Communicable Diseases (NCD), and cardiovascular illnesses, with the primary aim of putting patients in the center of medical innovation.

For its third edition, HealthTech For Patients (HTFP) successfully gathered nearly **380** participants from **31** countries across five continents. This esteemed international event received significant support from the European institutions represented by John-F Ryan, Acting Deputy General Director and Director of Public Health, Health and Food Safety Directorate General, within the European Commission. Mr. John-F Ryan leads the [Healthier together EU non-communicable diseases initiative](#) within the European Commission. He expressed his views on the initiative, stating, “*The Healthier Together Initiative will support actions during 2022- 2027 to help Member States reach the Sustainable Development Goals 2030 targets and the World Health Organization 2025 targets on NCDs. Due to the inter-connection of NCDs and the rise in multi-morbidity, an integrated approach is essential to ensure Health in All Policies. The development of the Initiative has been innovative in its co-creation with Member States, also considering significant and widespread input from stakeholders*”.

**Maryvonne Hiance, President of HealthTech For Care**, declares:” *Thanks to the support of our sponsors, patient associations, manufacturers, Healthcare companies, Key-opinion leaders, as well as the European Commission, HTFC can continue its missions, in order to highlight the key points of innovations with main objective: to find the best solutions for the patient. We look forward to seeing you next year for a new edition of this essential sharing conference for all those involved in innovation for the benefit of patients*”.

**The advancement made by the European Commission in addressing invisible diseases, as well as their forthcoming actions were highlighted during the event.**

In his video intervention during the round table “Non-Communicable Diseases: from prevention to treatments”, John-F Ryan presented the approach of the European Commission and Member States towards chronic invisible diseases and mentioned the "[Europe beating cancer](https://www.youtube.com/watch?v=wKkxaB5awl4)" plan as well as an upcoming initiative on mental health. <https://www.youtube.com/watch?v=wKkxaB5awl4>

**With a focus on healthtech innovation designed and developed in collaboration with patients.**

The event featured two round tables as its centerpiece. The first-round table focused on addressing the challenges associated with invisible chronic diseases, emphasizing the importance of improving access to care and fostering the development of innovations for the benefit of patients. The second-round table centered around cardiovascular diseases, covering a wide range of topics from prevention strategies to treatment approaches

The exceptional quality of this event was greatly influenced by the invaluable contributions of the HealthTech For Patients committee members: Anaïs Le Corvec, Alain Herrera, and Christian Policard. Their expertise and dedication played a vital role in elevating the overall experience of the event.

### **Speakers**

**Maryvonne Hiance**, President of HealthTech For Care

**Anaïs Le Corvec**, Board member HealthTech For Care, organizer of HealthTech For Patients, Managing Director, CEBR and Co-founder, Cliclab Transformative Agent

**Anca Toma**, Executive Director, European Patient’s Forum

Conference led by **Alison Munro**

## **Round table N°1**

### **Non-Communicable Diseases: from prevention to treatments**

[https://www.youtube.com/watch?v=3\\_2d2M\\_piuw](https://www.youtube.com/watch?v=3_2d2M_piuw)

### **Speakers**

**Mia Bajramagić**, Patient living with Type 1 Diabetes, physician and Project Coordinator at International Diabetes Federation Europe

**Cristina Niculescu**, Senior Life Science Specialist, European Investment Bank

**Linas Dabasinskas**, Global Medical Director Hypertension (HT) & Dyslipidemia at Global Medical and Patient Affairs (GMPA) Department, Servier

**John-F Ryan**, Acting Deputy General Director and Director of Public Health, Health and Food Safety Directorate General, European Commission

*Round table moderated by:*

**Alain Herrera**, Oncologist and hematologist, organizer of HealthTech For Patients

## Round table N°2

### Cardiac diseases: For a better care of patients

#### Speakers

**Christian Policard**, Board member of HealthTech For Care, organizer of HealthTech For Patients.

#### About HealthTech For Care

The HealthTech For Care endowment fund is designed to support and promote access to healthcare for all, and more specifically to new medical technologies and medicines. The missions of the endowment fund are organized around three main areas: to support the development of the entire healthcare ecosystem, to accelerate the development of innovative therapies and medicines, and to promote better access for patients to the healthcare system in France and Europe.

Around its President Maryvonne Hiance, the governance of HealthTech For Care gathers independent experts of the whole value chain of innovation in health for patients: Elsy Boglioli, Pierre Courteille, Marc Dechamps, Christian Deleuze, Eric Falcand, Frédéric Girard, Marc Julien, Anaïs Le Corvec, Bernard Linsmeau, Cédric Moreau, Christian Pierret and Christian Policard.

HealthTech For Care is supported by its founder France Biotech and the network of French health clusters: Atlanpole biotherapies, BioValley France, EuroBioMed, LyonBioPole, Medicen and the NSL club. The endowment fund is also supported by many European players: Asebio, BIA Association, BioAlps, BIO Deutschland, BioWin, CEBR, Federchimica Assobiotech, flanders.bio, Medtech Europe, Medvia, Swiss Biotech, and the Technion France.

Sponsors from the healthcare sector are committed to HTFC: [Alira Health](#), [Amgen France](#), [bpifrance](#), [Bristol Myers Squibb](#), [Cepton Strategies-Vintura](#), [Euronext](#), [Icosa](#), [Invest Securities](#), [Life Sciences Acceleration Alliance](#), [McDermott Will & Emery](#), [Peak Lifecycles](#), [Servier](#), [Sofinnova Partners](#)
